

## Youth Forum for Guernsey and Alderney

### Youth Manifesto

MENTAL HEALTH and WELL-BEING

EQUALITY OF OPPORTUNITY within  
EDUCATION & WIDER COMMUNITY

STRATEGIES to TACKLE GLOBAL  
WARMING

DIVERSIFICATION of the ISLAND'S  
ECONOMY

#### We believe that ...

1 ... more resources should be allocated to address issues of **mental health and wellbeing** for young people. Those resources should be distributed equitably across services that work with young people.

2 ... the Bailiwick community should do more to ensure **equality of opportunity** within **education** and wider services for all young people within the Bailiwick.

3 ... the Bailiwick should establish a **clear strategy** to address **global warming** which prepares Guernsey for future challenges, and which contributes to world-wide efforts to tackle global warming.

4 ... the Bailiwick should establish a strategy to ensure that the **island's economy is diversified** and not reliant on the finance sector.

We would welcome your views on the above. If elected, how would you help to ensure that the voice of young people and our priorities are heard in the States?

Please send your response to Aaron Davies, [aarond@gcfe.net](mailto:aarond@gcfe.net). We will be posting all replies on social media throughout April @YouthForGsyAld #makethestates
